Report about Government Middle School Khane:

Khane village is situated about 22 Km from District Head Quarter Khapulo and 12 Km from Machulo. There are about 110 households. There is one Government Primary School in Khane and no health facility. The education facility was not satisfactory for the students especially for girls. The people of Khane desperately want to educate their sons and daughters equally, but constrain is the isolation of the village. The village is so far from other villages in the valley that the Felix Foundation was struggling to provide the facility. The visit of Miss Clare in 2012 led to a miracle for the girl and boy students. During her visit she noticed that the transformation that started early in 2012 is going very successful. She also interviewed Mr. Shamim, the new and talented teacher. The spark in the eyes of girl students explained the whole scenario of the village - isolation, lack of facilities, no opportunities for higher education etc. and touched her heart. When she back to her homeland she sent a proposal to the Juniper Trust asking for support for the Khane school. The Juniper Trust appreciated the importance of the proposal and approved 2000 Euros to support Khane School. This miracle became successful to bring a huge development in the small village of Khane. Now there are four teachers working with the support of FIFBM and BF with the support of the Juniper Trust. FIFBM also had a consolidated agreement with Government Education Department and the Department has provided two teachers, on peon, school building and approval to initiate and upgrade the classes up to 9th and 10th grades in Khane village.

There is one other small school supported by the National Education Foundation (NEF). With the consensus of organizations (FIFBM, Government Education Department Ghanche and NEF) it was agreed to run classes from Nursery to 3rd in NEF School and from 4th to 9th in the Government School Khane, starting in 2013.

Felix Inurrategi Foundation Baltistan Machulo (FIFBM & FBF) is providing the facilities of Scholarships, Teachers training, and social mobilization of the community towards quality education in the said village.

Felix Foundation has supported the teachers training to this school to transform the teaching and learning process in the school. We also make efforts to mobilize the community towards the quality education and about the importance of education especially for the girls. All these efforts bore fruit and in 2012 many improvements were felt by the local community. For all the improvements the community is very thankful to the Felix Foundation and the Juniper Trust for their generous support.

Now in Khane village the students are able to compete in education. There are tangible and sustainable improvements in the education level in Khane. For the first time two girls from Khane village won the Scholarship contest of the Felix Foundation and both of them have become a source of inspiration to the other girls in the village, hoping for higher education in the cities of Pakistan. Before this it was beyond imagination for a girl to travel from Khane to Islamabad or even to Skardu for studies. Now it has started and it will bring a huge change within the community. According to the scholarship agreement between the students and Felix Foundation, after the completion their studies the student must come back to their native village and must work as a volunteer for the community development. So according to this agreement both girls will come back to the village to serve the community in the field of Education.

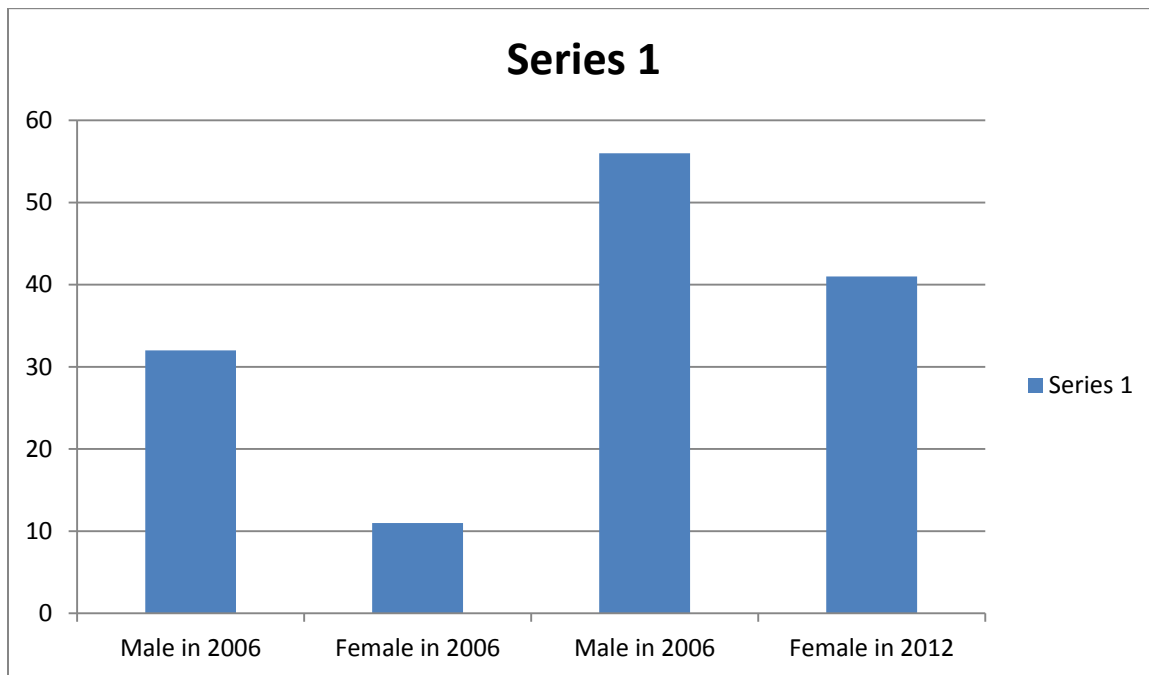

We had an analysis to know about the impacts of the struggle of Felix Foundation about the improvements in the student's enrolment strength analysis.

Detail of Students:

ANALYTICAL DATA OF GOVERNMENT MIDDLE SCHOOL KHANE											
S. N O	NAME OF CLASS	Enrolment in 2006		Total	%Male	%Female	Enrolment in 2012		TOTAL	%Male	%Female
		Male	Female				Male	Female			
1	ONE	6	0	6	100	0	12	14	26	46.1538	53.84615
2	TWO	12	0	12	100	0	10	8	18	55.5556	44.44444
3	THREE	11	1	12	91.667	8.333333	10	9	19	52.6316	47.36842
4	FOUR	2	1	3	66.667	33.33333	6	0	6	100	0
5	FIVE	1	9	10	10	90	6	0	6	100	0
6	SIX	0	0	0	0	0	4	6	10	40	60
7	SEVEN	0	0	0	0	0	5	1	6	83.3333	16.66667
8	EIGHT	0	0	0	0	0	3	3	6	50	50
9	GRAND TOTAL	32	11	43	74.419	25.5814	56	41	97	57.732	42.26804

The table is showing that there is a big change in the overall enrolment and especially in girl's

Enrolment. For this analytical report we considered 2006 as base year because we did the same analysis for other project schools to know about the impact of the efforts doing by FIFBM and FBF. FIFBM and FBF started to give awareness to people since 2006 about the importance of quality education according to the gender parity. We are very successful in every school. Here in 2006 the male was 32 and female was 11, it has jumped in 2012 by male 56 and female 41 by improving the gender balances in this school.

The chart is showing the increase in enrolment rate of male and female students with great rate.

Detail of Teachers:

THE CHANGES AND IMPROVEMENT IN THE NO. OF TEACHERS ON GENDER BASES										
S.NO	No. of Teachers in 2006		Total in 2006	%Male	%Female	No. of teachers in 2012		Total in 2012	%Male	%Female
	Male	Female				Male	Female			
1	2	0	2	100	0	4	0	2	100	0

The table is explaining the number of teachers also doubled since based year. In 2006 there were two teachers from Government education department. Later Felix Foundation started to support by two teachers. And now there are 4 teachers in the school. But still the number of

teachers is not satisfactory. We need two more teachers because according to the agreement with the Government education department we will run the 9th class in 2013. So to extend and to ensure the availability of the facility of 9th class for girls we have to hire two more teachers.

Memorandum of Understanding Between Education Department Ghanche and Felix Inurrategi Foundation Baltistan Machulo to Improve the Quality and level of Education in Government School Khaney on the basis of Public and Private Partnership

26/07/2012

This MOU has been agreed and signed between both parties to improve the quality and level of Education in Government School Khaney on the basis of Public and Private Partnership.

As first Party the Government Education Department District Ghanche will perform the following roles and responsibilities;

1. The Government Education Department Ghanche will accept the two teachers from Felix Inurrategi Foundation Baltistan Machulo (FIFBM).
2. The Government Education Department Ghanche will allow using the building of the Government School Khaney on partnership basis with FIFBM.
3. The Government Education Department will advice to the Government teachers to follow the new changes and new methodologies of teaching and learning in the school and the Government teachers in Government Primary School must follow the new methodologies of teaching and learning as FIFBM introduces.
4. The Government Education Department will monitor, follow up and will provide resources as their best to improve the quality and level of education eight class in 2012, 9th class in 2013 and 10th class in 2014 in Government School Khaney subject to availability of sufficient staff.
5. The Government Education Department will give feed back to FIFBM.
6. With the passage of time refined and required amendments may be made with the consultation of both parties in the larger interest of the institution.

As second Party the Felix Inurrategi Foundation Baltistan Machulo will perform the following roles and responsibilities;

1. The FIFBM will provide two teachers.
2. The FIFBM will do the minor repairing and maintenance of the school building.
3. The FIFBM will start the class eight from 2012 and later will extend the new model to nine class and tenth class in 2013, 2014 respectively.
4. The FIFBM will monitor, follow up and control of the school regularly and make strategies to improve the quality and level of education.
5. The FIFBM will provide training opportunities to teachers.
6. The FIFBM will provide stationery according to the school need basis.
7. The FIFBM will also submit progress report to DDE office Ghanche on quarterly basis so that further strategies may be made for improvement in teaching learning process in the school.

Note; In case the both parties don't follow their own respective roles and responsibilities the Agreement will be null and wide.

On Behalf of Government Education Department

(Shahid Hussain)
Assistant Education Officer
DDE Ghanche

On Behalf of

(Basharat Ali)
Program Manager FIFBM

Counter Signed

Deputy Director Education

Agreement Had with Government Education Department:

FIFBM also is also supporting the repair of the school to make more attractive for the students and teachers and also supported by one Computer, Telephone set and required stationeries to the Khane School to improve the quality and level of education in Khane.

Now every girl in Khane wants to be like Malala Yusuf Zai. So we would like to urge to the international community to help the school to make it possible to educate the Girls in Hushe valley.

Budget was for 2012:

BUDGET FOR GOVERNMENT MIDDLE SCHOOL KHANE

7	Total Budget Expenses in 2013			480000/-

The above table shows the explanation and detail that how the income from two donors are being utilized for the transformation of Khane School. This year also there are two Government teachers working as 2012.

I take this opportunity to convey my profound gratitude and appreciation for your generous support and commitment to improve the quality and level of Education in Khane village. We value the support extended by Clare and the Juniper Trust.

In such backward and isolated area Baltistan Foundation from Spain, Basque Country with the partnership of a local counterpart Felix Inurrategi Foundation Baltistan Machulo is striving excellence to improve the quality Education and level of Education of the valley on the equity and equality basis.

“Literacy is the best and most lasting gift we can give to a child and to a nation”.

Of course your current support will be a great contribution to cover the educational expenses of Government School khane for the year 2013. For further planning about 2014 will share latter.

I deeply value the contributions made by you all towards a noble cause and look forward to further strengthening our brotherly and friendly relations.

A Special thanks from the Female and Male students of Khane village and also from the community of Khane. The whole community of Khane village is very pleased and confident about the transformation of Government Middle School Khane.

--

The students are thanking to Juniper Trust, and FIFBM&BF for the support to their education

SUPPORT OF MISS. CLARE A COMPUTER TO DIFFERENT SCHOOL OF HUSEH VALLEY:

During her and her husband Andy's visit to different schools in Hushe valley a request to support for some computer was approved. And supported to FIFBM and BF to supply a

computer to different schools, this initiative has brought a revolutionary change to introduce the computer literacy in Hushe valley. Khane school also was supported by this facility.
